

Provisional agenda

Fifth meeting of the IBC on Environment and Climate Change

11 February 2021 (10:00-11:30, Geneva/Venice/UTC+2 time)

Background

The United Nations Inter-Agency Issue-Based Coalition (IBC) on Environment and Climate Change for Europe and Central Asia was established in March 2020. The IBC consists of 18 members from the UN family: FAO, ILO, IOM, ITU, OHCHR, UN Habitat, UN Women, UNDP, UNDRR, UNECE, UNEP, UNESCO, UNFCCC, UNICEF, UNOPS, WFP, WHO and WMO. The IBC has met on 21 April, 17 June, 4 September and 6 November 2020. A website provides information about the IBC, resources relating to the response to and economic recovery from the COVID-19 pandemic, and a list of activities to date, including webinars and the issuance of guidance materials.¹

Meeting objective

The primary purpose of the IBC is to support UN Country Teams in their assistance to programme countries. Having engaged with Country Teams and Resident Coordinators, decided on priorities and identified leads for different activities, the IBC needs now to take stock of what has been achieved and undertake strategic planning for 2021. The objective of this meeting is to undertake a stocktaking exercise and provide an overview of ongoing and planned activities and agree on next steps taking into account the challenges and opportunities for 2021.

Meeting etiquette: Ensure your microphone and video are **off** when not speaking. Switch on video and microphone when speaking. If you wish to intervene, use the “hand” or chat functions to signal.
